PROFILE

I'm a highly motivated graduate with a degree in BE.EEE (Bachelor of Engineering in Electrical and Electronics Engineering), and I have a strong passion for web development. I'm seeking a Web Developer position to leverage my skills in Python, HTML, CSS, JavaScript, Flask, and MySQL. I'm committed to delivering results, collaborating effectively, and continuously learning to contribute to your organization's success. Let's connect and discuss how I can be a valuable addition to your team.

EDUCATION

BE.EEE - CGPA - 8.28
PODHIGAI COLLEGE OF ENGINEERING AND TECHNOLOGY   -2023

HSC - 69 %
DOMINIC SAVIO HR SEC SCHOOL
-2019

SSLC - 61.6 %
DOMINIC SAVIO HR SEC SCHOOL
-2017

SKILLS

👉 Microsoft Office

👉 Web Essential (HTML, CSS, JS)

👉 Python

👉 My Sql

👉 Flask

👉 Good Communication

👉 Problem Solving

BIOMETRIC MANAGEMENT SYSTEM :

The Biometric Management System is a comprehensive project that combines HTML, CSS, JavaScript, Python, and MySQL to create a robust and user-friendly platform for managing biometric data. Powered by Flask, it offers seamless data storage and retrieval capabilities, making it an efficient solution for biometric data management needs.
-2023

Photo Background Remover :

I developed a Photo Background Remover project using HTML, CSS, JavaScript, MySQL, Flask, and Python. This application allows users to easily remove backgrounds from photos, enhancing their editing capabilities.
-2023

PROJECT

HTML, CSS, JS PROJECT :

I've created a variety of web projects, including Wordle, Tic Tac Toe, a Spin Wheel game, a dynamic Photo Gallery using APIs, and a personal portfolio website. My work showcases my proficiency in HTML, CSS, and JavaScript, with a focus on interactive and engaging web applications.

-2023

SMART HOME AUTOMATION USING MOBILE APP AND WEB APP :

A smart blind stick is a device that helps visually impaired people navigate safely. It has several features, including: Obstacle detection, Navigation, Panic button, Moisture detector.
